

Computational Science and Artificial Intelligence

1. Title of the Sub-Theme: *Artificial Intelligence, Machine Learning, Data Science, Modelling, Computational, and their Cross-Disciplinary Applications.*

2. Concept Note

This sub-theme focuses on advances in Artificial Intelligence, Machine Learning, Data Science, Computational Modelling, and their interdisciplinary applications in healthcare, biotechnology, environmental science, engineering, and sustainable development. It aims to foster collaboration among researchers to develop innovative, ethical, and data-driven solutions that address complex scientific, societal, and environmental challenges for human welfare.

3. Proposed Plenary Speakers

S. No.	Name	Affiliation
a.	Dr. Amlan Chakraborty	Indian Institute of Technology (IIT) Kharagpur Title: Artificial Intelligence for sustainable Development
c.	Dr. Somenath Dutta	Eminent Atmospheric Scientist; former Scientist-G and Head, Regional Meteorological Centre (RMC), Kolkata, India Meteorological Department (IMD); former Head, Meteorological Training Institute, Pune; currently Adjunct Professor, Department of Atmospheric and Space Sciences, Savitribai Phule Pune University Title: Climate Service for Health

4. Proposed Invited Speakers

S. No.	Name	Affiliation	Mode
a.	Prof. Mehakpreet Singh	Department of Mathematics and Statistics. University of Limerick, Ireland Title: Mechanistic modelling of particulate processes.	
b.	Prof. Tzu-Chuen Lu	Department of Information Management, Chaoyang University of Technology, 168 Jifeng East Road, Wufeng District, Taichung 41349, Taiwan, R.O.C. Title of Talk: Information management in the age of AI	Online
c	Prof Satyabrata Jit	Professor, Dept of Electronics engineering, IIT Benaras Title: MOS Transistor Technology for computational systems	

Advisory Members :

Prof. Adrijit Goswami, Department of Mathematics, IIT Kharagpur, INDIA

Prof Gopal Chandra Shit, Department of Mathematics, Jadavpur University, INDIA

Prof Manoranjan Maiti, Former Professor, Department of Applied Mathematics, Vidyasagar University, INDIA

Dr. M.T.M. Dewasurendra, Department of Mathematics, University of Peradeniya. Sri Lanka.

Prof. Ebenezer Bonyah, Department of Mathematics Education, Akenten, Ghana
